- e. If any provision of this Membership Agreement is held to be illegal, invalid, or unenforceable under any present or future law, (i) that provision is fully severable; (ii) this Membership Agreement must be construed and enforced as if illegal, invalid, or unenforceable provision had never comprised a part of this Membership Agreement; (iii) the remaining provisions of this Membership Agreement remain in full force and effect and are not affected by the illegal, invalid, or unenforceable provision or by its severance from this Membership Agreement; and (iv) in place of the illegal, invalid, or unenforceable provision, there must be added automatically as a part of this Membership Agreement a legal, valid, and enforceable provision as similar in terms to the illegal, invalid, or unenforceable provision as may be possible.

However, the Member may not assign or transfer any of its rights or obligations under this Membership Agreement to any other person or entity without the written consent of TCC.
- g. The Community Corp is designed for persons sharing a common perspective centered on age-enduring family values, and it has the right to cancel any membership at any time. All membership levels shall attest to an oath that reflects that the Member will operate in a fiduciary capacity, have the Community's best interest in mind, and act as will the Community in return.

- j. TCC retains the right, for the benefit of the Member and TCC, to monetize member activity, not to the profit of a few individuals and founders, but to the benefit of all Members and the Community as a whole. Therefore, TCC selectively and strategically uses certain personal (private) Member information with the public to create superior values and offers from the public for Members and the Community.
- k. Members, at their discretion, have provided a Member's Data Sheet (Questionnaire) for Members' interests, skills, family, and career, and the Member reflects in Exhibit A that this is made a part here to this agreement.

**To “boldly create” requires freedom.** TCC and its members *proactively* honor the age-enduring traditions we've inherited from founders of families, companies, and countries. For example, in the late 1800s, due to famine, unemployment, oppressive taxes, and loss of freedom, people worldwide came to the United States of America because they perceived it as the land of opportunity. While no family, company, or country is perfect, we strive to be. We *build* on the foundations we've inherited and, where needed, *repair* them, to “boldly create” new worlds together.

What three types of *freedom* do you deem essential for yourself, your friends and family, your local community, and the world you want to live in, and why?
